

To make recording of results quicker and more accurate could all athletes please wear their race number or at least be ready to call their race number to the recorders.

Athletes should be aware that if they finish a race and a time is recorded but they do not report, then when matching times with places there is a mismatch and incorrect times are allocated. If you finish a race please make sure that you are recorded as a finisher whether you have a race number or not or whether you are only using the race as a warm-up or warm-down.

Feedback from athlete's GPS watches showed that the 1500m and 500m courses were accurate to within 15m to 30 m. The 1km course was accurate.

If you wish to give feedback on any matter regarding the courses or the running of the competition you are invited to use the email address listed below.

We wish to encourage athletes and spectators to volunteer in making the running of the afternoon's events as successful as possible, even if it just for one race. We need volunteers as back-up time keepers, recorders and course marshals as well as to pick up the flags at the end of the competition.

The day was overcast and cool.

If you notice any errors in times, or in the member data base could you please advise the correct details by email to steve@queenslandrunning.com.au.
